 - B. We will hold off on voting because we need to see what space we have and get more in-depth run times of each game.
 - C. We started going over an itinerary for the Field Day but faced difficulties due to not knowing how much time we are allowed for the event.
 - D. We decided to have a discussion on how SGA will be split into teams during our Field Day. Either having teams that stay the same for the entire field day to create competition or having fluctuating teams, so everyone gets to know each other. Senator Gowie mentioned maybe the speaker of the senate, pro-temp, etc. could be the ones switching teams throughout the Field Day and the rest of us would be in set teams for the whole day.
 - E. We discussed how having an incentive, like a week off of office hours would make people get excited about the games. Knowing this, we would have to have set teams so teams could earn points and “win” the Field Day.
 - D. Next week-

We need to agree on how we will split the teams for the Field day. We also encouraged our committee to reach out to the administration to see if we can secure the stadium as our location.
